1. introduction

This report is a short description of my 3 months spendind at Brooklyn Center Hospital from June 1 to Auguste the 30th.

My name is Dr. Varly Pass, am on my second year medicine resident orthopedic surgery at Justinien University Hospital.

I have been selected to participate in on orthopedic extership at the Brooklyn Center Hospital, in Brooklyn, NY 11201.

This special programm was for a period of approximately tree (3) months (june 1 to Auguste the 30th) and this programm had tre support of the association of haitian physicians abroad (AMHE)

2. Thank

Firts of all i would like to thanks Association of Haitian Physician Abroad for sponsor this programm, for giving to haitians doctors, living in Haiti the opportunity to learn new medical technics

I also would like to thanks Dr Patrick Leblanc and Dr Paul Narcier for their support, they my gyide along this period, for coordonating the hole process.

Futhermore i want to thanks Dr Yvel Zephir the training chief executive (H.U.J), Dr Pierre-Louis H. Michel chief of orthopedic surgery departement
(H.U.J). Dr Maxime Coles, Dr Nesly Kerniza and Dr Nelson for their support.

At last i would like to thanks the departement of orthopedic at Brooklyn Center Hospital especially Dr Gordon, Dr ukumado, P.A James La Voy to allow me to this interesting extership.

3. selection criterias

to be eligible the resident must:

- on second or third year of residency
- hold passeport with american vissa
- have a advanced level in english
- be able to afford a plane ticket for a travel

4. academy activities

twice a month i would gibe a full report of my activities and learning to Dr Nacier and Dr Leblanc, about the preview two (2) weeks

i would share as well any subjects my field (orthopedic)

1th meeting: fracture and dyslocation of the ankle
2th meeting: fat emboli syndrome and tendinotis of quervains

6. cost

I received a total of $2,050 to ensure my daily needs (mobile phone, metro card). Two cards for food at the cafeteria and a a for the laundry. Not to mention the housing was supported

7. conclusion

thought out this period a learn a lot and i was more than satisfied
it was great experience for me as an haitian resident living in Haiti.
i wish we could have more programm for haitian like that.

i wish the futur we could help other resident without american visa be eligible to this programm.
