COFFEYVILLE REGIONAL MEDICAL CENTER, Inc.

"Caring for You is What We Do"

U.S. Ambassador to Haiti

To Whom it May Concern:

It is our pleasure to invite the following persons to our hospital as a part of their Residency rotations:

Ernseau St Val
Jhonny Michel
Berlin Peirre-Aime
Benazael Jean Paul
Bayard Louinl Brunnel

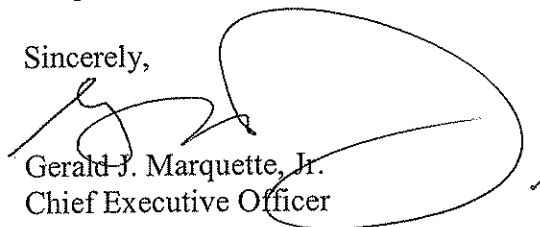

Dr. Maxime Coles will be the supervising physician for these gentlemen and they will be able to observe him while he is attending physicians here.

Unfortunately, since they won't have the required State Licensure and Malpractice Insurance coverage, they will not be able to do hands-on medical care of the patients nor document in their medical records; but we hope the cases they will observe will give them a good base of knowledge.

It is our understanding Dr. Coles will provide lodging for the Residents and we will provide meals.

We look forward to our continued relationship with the Residents of University d'Etat D'Haiti Hospital.

Sincerely,

Gerald J. Marquette, Jr.
Chief Executive Officer
